

# **THE ACCESS FUND ADOPT A CRAG 2005**

## **Meadow Crag Cleanup Saturday, September 17, 2005**

Adopt-A-Crag Events are being held all over the country with The Access Fund, showing our support for better cleaner safer climbing venues.

Schwag, comradeship, a little volunteer work and do-it-yourself lunch are planned. Schwag include Cliff Bars, Nalgene bottles and more!

Bring your Essentials and strong shoes and gloves to use rakes, shovels, hoes, clippers and other weapons of mass destruction to tune up the access trails from the River Trail to the climbing areas.

Meet at 9AM at the Fee Demo Box, and we will walk together 525 feet down the River Trail to the first climber's access side trail.

We will also be installing bolts and hangers donated by Entre Prises and Metolius to establish rappel anchors for instruction and practice at logical locations at the top of the crags.

The official Adopt-A-Crag Event should conclude by noon giving time for lunch and a little top rope climbing and rappelling practice courtesy of TraditionalMountaineering .org.

Options for the afternoon include the nearby Log Jamb Celebration and a visit to Deschutes Brewery on Cascades Lakes Highway for beer tasting and a tour of the plant.

Call Bob Speik at 541-385-0445 for information, or go to sponsor
